

RAISING OF THE FLAG

The Parent Aboriginal Community are very active within our school and have had many discussions about increasing awareness of Aboriginal Culture within our school.

Many conversations and possible positive actions have been discussed through the Parent Aboriginal Community group. One of these actions was to have a flagpole installed in the front of the school. This has been followed through by Naomi Connor (AET) and Melissa Hands (ACEO) and their hard work has resulted in a fantastic celebration.

The day started with our Aboriginal families and students enjoying a barbeque at the front of the school eating kangaroo sausages in bread. After this, the families and the students were joined by the whole school for an official raising of the flag.

Guest speakers included Governing Council Chairperson Kym Conley and students Blake Robinson and Jamie-Lee Shillingsworth. They spoke about the meaning and culture attached to the flag.

We are very proud of the celebration and look forward to both our flags flying together for many years to come.

Deputy Principal
